

SMRS 10th Reunion Street Race Spridget Car Show August 14, 2021 rev 7/7/21

We are celebrating our 10th year of the Sprite Midget Race Series (SMRS) at Grattan Raceway. This is going to be a great event for Street and Race Spridgets on and off Grattan Raceway. The 2 cars shown below will be there, which were purpose built prototype race cars built at Austin Healey's Cape Work by Donald and Geoff Healey in 1968 and have never been seen in the Mid-West.

The interior of race track or paddock is going to be a tight area and it will be necessary for all of us to be polite to everyone that volunteers their time along with giving the right of way to race cars getting on and off the race track into their paddock positions. Look for Spridget Car Show signs directing you to Spridget Paddock in the interior of the race track. The gate to cross into the track opens between race sessions approximately every 30 minutes. When you are at the gate you need to let them know you are entering Spridget Car Show and have permission to enter paddock.
