The Z Mquette Group

# Membership Roster

For use of the Z Mquette Group and its members only. Not to be sold, used for commercial purposes, or redistributed.

January 28, 2014

## ❖ About the Z Mquette Group ❖

In November of 1987, Jeff Powell started a Registry for Mquettes and their owners. His goal was fairly simple—to connect Mquette owners together for mutual aid, assistance, and entertainment. His methods were simple, too. Jeff sent out an occasional newsletter with notes, tidbits of information, cars for sale and wanted, and whatever else seemed of interest.

About 10 years later, the Z Mquette Group began a transition to an online environment in parallel with the “snail-mail” communications. A listserver was established, and later a web page. Both are now hosted through Mike Plumstead, who owns and runs a web hosting firm in the UK, and is also addicted to MGs.

A Gerald Palmer design, the car was MG’s first “monocoque” (unibody), and the first to use the Austin-based “B block” engine that would later be used in the MGA and MGB until the end of MG production in 1980. The Mquette was surprisingly advanced, featuring child-proof door latches, rack and pinion steering, and Sir Alec Issigonis’s independent front suspension, first featured on the MG Y-series saloon in 1948.

Year: 1956 Make: MG Model: ZA Color: Maroon Status: Running - KAC  
43/14312 - Restored 45,000 miles and 20 years ago with 1800 5 main,  
ported, & polished head, bigger carbs, modified stock intake, 4syncro  
overdrive transmission and disc brakes. All work done by my wife and  
myself. Recently insulated the transmission tunnel heavily to reduce heat in  
the car. Also hand-built a header for it and love the bottom end power  
increase.
